GOODY FOR GOODIES

Elephant Stew (Yield: 3800 servings)

1 Elephant, 2 Rabbits, Brown Gravy, Salt and Pepper to taste.

Cut elephant into small bite size pieces. This should take about 2 months.

Add enough brown gravy to cover, about half a train tank car.

Cook over kerosene heat for about 4 weeks at 450 degrees. This recipe should serve 3,800 people. If more are expected, add 2 extra rabbits. Do so only if necessary as most people do not like hare in their stew.

Promise Yourself

*To be so strong
that nothing can disturb your peace of mind.*

*To talk health, happiness and prosperity
to every person you meet.*

*To make all your friends
feel that there is something in them.*

*To look at the sunny side of everything
and make your optimism come true.*

*To think only of the best, to work only for the best,
and to expect only the best.*

*To be just as enthusiastic about the success of others
as you are about your own.*

*To forget the mistakes of the past and press on
to the greater achievements of the future.*

*To wear a cheerful countenance at all times
and give every living creature you meet a smile.*

*To give so much time to the improvement of yourself
that you have no time to criticize others.*

*To be too large for worry, too noble for anger, too strong for fear,
and too happy to permit the presence of trouble.*
